# SOUND COURSE

Foot in the Door provides opportunities for 16 - 25-year-olds in Chichester and surrounding areas who are wanting to get into the music industry. This course will give you training in Live Sound and Lighting plus a chance to take these skills into the real world and work in a professional venue at our band nights.

Training will take place on our top-of-the-line, professional equipment so skills are developed on an industry standard mixing desk as well as giving a strong grounding on how to effectively run sound at a gig. The course will be delivered by tutors who are active in the industry. You will receive an accredited qualification that you can take with you to get a 'foot in the door' helping you stand out in a crowded industry.
