# Chichester Free School Accessibility Plan

## 1. Introduction and aims:

Chichester Free School believes in providing every opportunity to develop students', young people's and adults' full potential. All our students, staff and visitors should feel valued, cared for, listened to and encouraged to challenge themselves to be the best they can. It is our aim to do all we possibly can to reduce and eliminate barriers to the curriculum, fuller aspects of School life and the School environment for pupils and prospective pupils, staff, parents and visitors with a disability. In this scheme we will outline how we can promote disability equality for all disabled students, staff, parents, governors and visitors to our School. We also have a duty to publish our Accessibility Action Plan which explains how we are doing this now, and what we plan to do over the next three years.

### Definition of Disability:

Disability is defined under the Equality Act 2010: 'A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.' This definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy, and cancer.

Chichester Free School's policy on equal opportunities and disability is to ensure that there is no discrimination against any sub-group within its community, be it because of sex, religion, race, colour, age or disability. With this in mind the school has put in place policies and procedures so that disabled people are not treated less favourably in the service, education or support they receive than people without a disability. Meeting these requirements is consistent with the school's SEN Information report as well as the Equal opportunities Policy.

## 2. Background:

The Special Educational Needs and Disability Act (SENDA) 2001 extended the Disability Discrimination Act 1995 (DDA) to cover education and was subsequently incorporated into the Equality Act (2010). This plan sets out the proposals of the Governing Body of Chichester Free School to ensure our practices and policies comply with these acts and increase access to education for disabled pupils. It is our duty to make sure that:

- We do not to treat disabled pupils or prospective pupils less favourably for a reason related to their disability - We will make reasonable adjustments for disabled pupils and prospective pupils, so that they are not at a substantial disadvantage - We will plan to increase access to education for disabled pupils - We do not discriminate against anyone as explained in the

DDA, 1995 - We do not discriminate against anyone as explained in the Equality Act, 2010 - We do not allow any form of harassment of people with a disability - We will promote positive attitudes towards anyone living with a disability - We will remove barriers which may discourage disabled people from playing a full part in the life of our School - We will encourage full participation by everyone in our School activities

Our accessibility action plan is resourced, implemented, reviewed and revised annually. Attached is a set of action points showing how the School will address the priorities identified in the plan.

### **3. Key factors:**

We are committed to providing a fully accessible environment which values and includes all students, staff, parents and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

We plan, over time, to try to increase the accessibility of provision for all students, staff and visitors to the School. The Accessibility Plan will contain relevant actions to:

Improve access to the physical environment of the School, adding specialist facilities as necessary and possible. This covers improvements to the physical environment of the School and physical aids to access education. Ensure access to the curriculum for pupils with a disability, reflecting upon the curriculum as necessary so that they are as equally prepared for life as are the able-bodied pupils. This covers teaching and learning and the wider curriculum of the School such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the School and School events. The information should be made available in various preferred formats within a reasonable time frame.

We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.

The Accessibility Plan should be read in conjunction with the following policies:

- o Curriculum Policy
- o Equal Opportunities

- o Health & Safety
- o SEN Information report
- o Behaviour
- o Anti-Bullying

The Action Plan for physical accessibility relates to the Access Audit of the School. It may not be feasible to undertake some of the works during the life of this Accessibility Plan or indeed ever, given the restrictions of the sites as the school grows and develops. Additionally, alterations to the premises may require Planning Approval, listed building consent and / or Building Regulations Approval. Some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each three-year plan period in order to inform the development of the new Plan for the following period.

As curriculum policies are reviewed, consideration will be given to Equality and Diversity.

The School's complaints procedure covers the Accessibility Plan.

The Plan will be monitored through the Governors Resources ~~Finance and General Purposes~~ Committee.

Access to this plan:

This plan will be made available upon request to any current parent or prospective parent who requests it.

This plan will also be made available to any member of staff or applicant for a post at the school who requests it.

This plan will be shared with Senior Management and will inform relevant aspects of the school's development plan.

This plan will be made available to Ofsted upon request.
