#### - Primary

**Important:** It has come to our attention that there have been recent cases of illness among our pupils, and we would like to ensure we maintain a healthy environment for everyone. The 48-hour rule states that if your child has experienced symptoms such as vomiting, diarrhoea, or a fever within the last 48hours, they should not attend school. It is important that we allow sufficient time for recovery and to minimise the risk of spreading the illness to others. We kindly request your cooperation in following this guidance which will not only contribute to your child's recovery but also play an important role in safeguarding the health and well-being of their classmates and our staff.
