## **News Magazine**

### **February 2022**

# Principal's Message

Dear all,

Welcome to another full CFS news magazine. I am delighted to share with you some of the wonderful things that have been going on in school since Christmas. It has been a very difficult half term in many respects – with very high staff absence due to Covid and of course many pupils still being affected too – but this makes the following pages even more of a celebration; despite everything, the staff and pupils at CFS have really thrown themselves into so much this half term. The re-emergence of sports fixtures and events, our first residential for a very long time, trips, enrichment visits, House events, and of course a continued focus on learning in the classroom and preparation for external tests and exams.

Over the next few pages you will see updates about the House competition now we have reached half way through the year. All is still to play for between the four Houses! It has been wonderful this half term seeing a resurgence in the House competitions now that more cross phases events are able to happen again. The rivalry between the Houses is also hotting up, as the weekly House Point standings are shared with pupils in assemblies. From March, we will also be sharing the results with you all as parents each week in the parental bulletin – as we know the competitive spirit does not stop at school! In his new Assistant Principal role, Mr Angell has been exploring our House ethos. At CFS, the House System focuses on five core areas: **Celebration, Communication, Charity, Community and Competition**. Going forward, our pupil House Ambassadors – supported by members of the Senior Leadership Team – will take a lead in each of the four Houses during assemblies, Sports Day, the House Festival and all events. Our three House Champions – Miss Pye, Miss Emmett and Mr Dean – will now oversee the whole House ethos, ensuring that all five Cs shine through all aspects of CFS House life.

I usually resist picking out any specific highlights each half term, as there are so many celebrated in this magazine – including all of the Principal's Award prize winners you will see listed, many for embodying our CFS **Culture of Kindness**. But it would be remiss of me not to mention two significant achievements. Firstly, many pupils in both Primary and Secondary represented the School at the local Cross Country Championship last week, several of whom received County letters. Twins, Laila and Lillie Hellyer stunningly came 1<sup>st</sup> and 2<sup>nd</sup> respectively out of 30 pupils! Huge congratulations to the girls, and all of our wonderful competitors.

# Principal's Message

And this Saturday I received a phone call from Miss Pye, who was with Year 8 Pupil Tammy-Marie Goddard and Year 10 pupil Isla Kavanagh-Brown in London. Both girls had already got through two rounds of the 2022 Young Chefs competition, and last weekend were representing Chichester at the Southern finals. I was so proud to hear the truly wonderful news that Isla was placed 1<sup>st</sup>, and Tammy 2<sup>nd</sup>! Wow! Huge well done to them both and our heartfelt thanks to Miss Pye for creating the platform for these young people to shine.

Today we say a fond farewell to Miss Shannon Parker, Secondary LSA, who has been with us since September. Despite her short time at CFS, Shannon has had a huge impact at CFS and we all wish her well as she relocates to Dorset. Last week staff and pupils also celebrated Jemma Hepburn's four years at the School as she left us for pastures new. Jemma has been a much valued LSA in the Primary phase, working with many pupils over the years. She has also been a great support to the whole team, and will be missed as both a friend and colleague. Jemma is taking on a new challenge and we wish her every happiness in this new adventure. Finally, we also say farewell to Mr Groselle this month. 'Mr G' as he is fondly known, has been a dedicated LSA in Primary for seven years but is now returning to France to be with his family. We wish him 'Bon Voyage'. We are delighted to be welcoming Mrs Jo Lodge, after Half Term, as a new Higher Level Teaching Assistant in the Secondary phase, working with small groups throughout Years 7-11. And our new Emotional Learning Support Assistant, Mrs Fiona Dabinett, is also joining the team after Half Term. Mrs Dabinett will be mainly based in The Den, working with pupils in both phases.

As the holiday is now upon us I wish you all a lovely Half Term, and of course a speedy and full recovery for all those still affected by Covid. A reminder that pupils return on Tuesday 1<sup>st</sup> March, and we will be on a week 1 timetable in Secondary.

With very best wishes,

**Mrs Louise New**

**Principal**

# EYFS

This half term we have enjoyed our topic 'Helping Heroes', learning about different jobs that help our communities. We have learnt how important these different roles are, but with a particular focus on how Key Workers have been amazing throughout the pandemic. We have been looking at different amounts and the mathematical language that goes with this: more, fewer and less. We have also been learning about time, sequencing our days and making human and paper clock faces. We have also introduced basic addition in the form of number bonds to five and 10. This is something you can practise over the holidays.

The children LOVED their first few sessions of Forest school. They met Jen our lovely Forest School leader who explained all the important rules and showed us the area. We really enjoyed the mud pit, exploring the vegetable patch and searching for bugs, looking at the saplings and playing in the mud kitchen, climbing frame and tunnel.

Next term our topic is 'Spring has Sprung!' We can't wait to read our bug related focus texts and learn all about the changes in the seasons, growth and new life and of course get outside more, hopefully in the sunshine, searching for mini beasts....!

Have a lovely break.

**Miss Emmett, Mrs Cooper, Mrs Andrews  
Mrs Golby and Mrs de Witt**

# Key Stage 1

## Year 1

This half term we have been on a journey around the world. We have visited each of the seven continents and learnt about their famous landmarks, the animals that live there and some interesting facts. We have also tasted a variety of different food including plantain, brownies, grapefruit and Tim Tams.

In Science we classified animals into different groups and became scientists by investigating animal poo to find out about their diets. We took our learning outside and discovered which animals live locally before creating and grouping our own animals. In Art we learnt about the artist Matisse. We sketched our favourite piece, learnt how to collage and used our new skill to create our own animal collages.

The children have produced some fantastic work. Well done Year 1!

## Year 2

In Year 2, we kicked our Justice 1 work off with a visit from The Reptylers. We spent a wonderful morning looking closely at and handling lots of different reptiles as well as Charlotte the tarantula! We learned about where they live and what they like to eat. We all had a wonderful time and lots of us overcame our fears and held or stroked the reptiles.

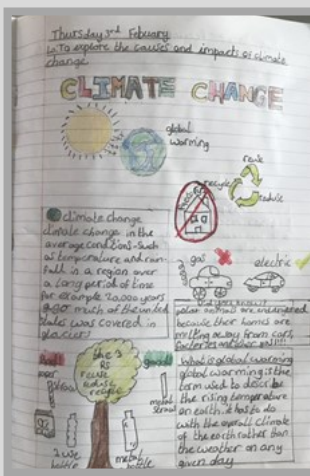

In both Geography and Science, we have been looking at different climates in our world and the habitats of some of the animals that are on our planet. We created dioramas to show the different habitats and added animals that live in them.

# Key Stage 2

## Lower Key Stage 2

In Years Three and Four we have been learning about our Extreme Earth - volcanoes, avalanches, earthquakes, extreme weather and also learning more about climate change. We have been inspired by the book 'Earth Shattering Events' and this has led us to investigate the layers of the Earth. We are using our knowledge to create a website all about a topic of our choice which we will share on Google Classroom soon.

## Upper Key Stage 2

This term we have been reading the book 'Street Child' and learning all about the Victorian era. Years 5 and 6 took a trip to the Weald and Downland Museum where they experienced what their childhood would have been like in the Victorian era. They went to Victorian school, learnt about Victorian household chores and even ate some drop scones fresh from the fire!

Our learning back at school has been all about the Victorians too - we've been learning about Victorian inventors and important Victorian figures. Ask about Thomas Barnardo and his work and legacy! We have also started our Forest School sessions, where we have built forts, learnt how to light an outside fire and even toasted marshmallows around it.

# Key Stage 3

## Year 7

This half term Year 7 have continued to show their kindness, resilience and incredible work ethic. I would like to celebrate and share with you some achievements from this half term:

Blake GH represented CFS and Year 7 in the Young Chef of the Year event. A huge well done to Blake.

**The First Year 7 Dragons Den.** The following pupils presented to the whole year during assembly with some special judges to see their pitches. Thank you Mr Fowler and Mr Angell.

Mental Health Minions – Coral, Amelia, Lola and Janey

Uncabled – Neil, Fergus, Oscar and Sam

Help for all – Ava, Lillie and Faye

Smart Pipe – Lottie

Smart Lock – Lillie-May

All the presentations were fantastic to watch. Thank you to Mr Green and Mr Day for the organisation and congratulations to Smart Lock, Lillie-May for winning the final of Year 7 Dragons Den.

Year 7 have their first Kindness Ambassador. This person was nominated by another Year 7 pupil who spoke to us and asked 'If you ever give out an award for kindness, please can you give it to Lily Farkas Claxton because she is the kindest person I know, she is an amazing friend to everyone and my favourite friend'. Lily Farkas Claxton has been awarded the first Year 7 Kindness Ambassador. Well done Lily.

**Miss Oxley, Head of Year 7**

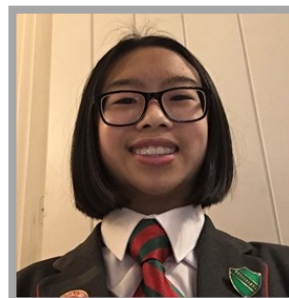

## Year 8

Year 8 are taking their own assemblies for the next few weeks. Aquila took the first one and created a fantastically detailed assembly on Animal Welfare. Ms Melendez was very proud of all the hard work the pupils put into this and the three pupils who delivered the majority of the assembly to the rest of the Year 8's. Well done Aquila, I am looking forward to seeing the other tutor groups!

Lotus Lee has shown a fantastic Culture of Kindness and has donated her hair to the Little Princess Trust. This charity supports children with cancer and hair loss. A huge well done to Lotus and what a fantastic, self-less action!

Isabel Deans has taken part in the Salford International Online Brass Band Competition. Over 1000 people entered and Izzy got into the final and came second. What an amazing achievement and such talent! Well done Izzy!

**Mrs Potts, Head of Year 8**

## Year 9

Year 9 have been working hard this term and preparing for their Guided Choices. These will be completed by the end of February Half Term. The pupils have had drop in clinics with multiple subjects and have had lots of assemblies informing them of the choices they have. This is a very exciting time for Year 9 as they prepare for Year 10 and their futures!

**Mr Carter, Head of Year 9**

# Key Stage 4

Year 10 have had a super busy half term! From mine exploration on our residential trip to Wales to preparing for upcoming work experience, Year 10's are showing great determination!

They have also had their own Principal's Award tea party/ Uno Tournament with Mrs New!

Don't forget to complete the work experience placement form which can be found on the Weekly Bulletin page of our website. If pupils are struggling to find a placement, they can talk to Mr Angell who's based in the Futures Hub.

**Mr Elliman, Head of Year 10**

Year 11 have had a busy term, receiving mock exam results and preparing for their next set of exams after Half Term. This year is tough, however these pupils are showing such resilience and determination towards achieving their true potential.

Lots of the pupils have been having College and Sixth Form interviews which I have heard have been amazing, nothing but positive praise is the feedback I've been given.

NCS have also been in to School to introduce Year 11 to the opportunity to sign up to their programme. Please do log into the website for more information: <https://wearencs.com/>, it really is a great opportunity that will help pupils develop many skills needed for adulthood.

Lastly, Year 11 Prom has been launched. We are so excited to get planning and I look forward to sharing all our ideas with you—fundraising is on the horizon!

Have a lovely Half Term, relax but do make sure to revise for your exams upon our return.

**Mrs Tulley, Head of Year 11**

# Maths

## Primary

It's lovely to walk around the classrooms and see so many children enthusiastic about Maths! Throughout the School, we have been focusing on making sure we show **pride** in ourselves and our work. When I asked some of the children what they are proud of in Maths, they said:

They are proud to be getting 10/10 on their tough ten each day

They are proud to be moving up the TTRS ranks

They are proud to be getting onto the 3<sup>rd</sup> slip

They are proud to be completing more challenges

They are proud to be scoring higher on their Year 6 arithmetic

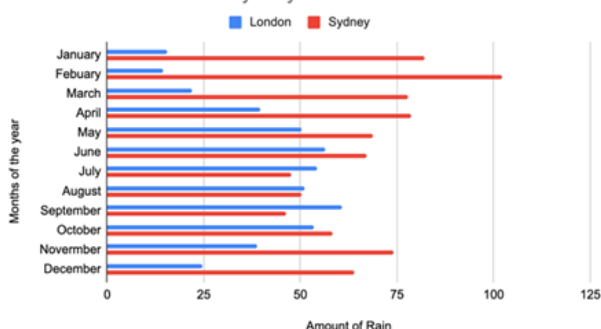

Year 1 have been building on their number knowledge to count all the way up to 50, while Year 2 have been exploring, sorting, and identifying 2D and 3D shapes.

In Lower Key Stage 2, Year 3 have been exploring money. From recognising coins to calculating how much change they would get from £10 notes, they have been superstars at solving problems. In Year 4, the children have been using their times table knowledge to multiply and divide larger numbers.

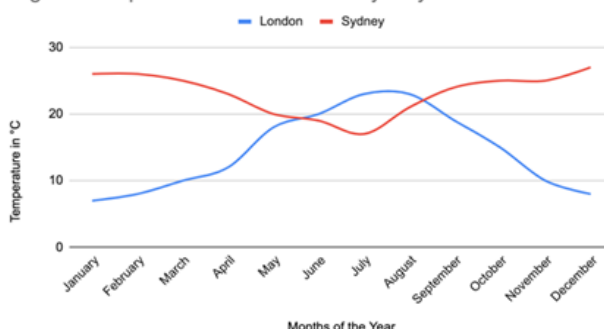

In Upper Key Stage 2, Year 5 have also been looking at fractions using a variety of models to help them. Year 6 have been exploring the relationships between decimals, fractions, and percentages and using this to solve problems. Additionally, they have been using data to create graphs on Google Sheets as part of our topic work around Australia. Take a look at these graphs made by Kitty (Yr5) and Baylee (Yr6).

Highest Temperature in London and Sydney

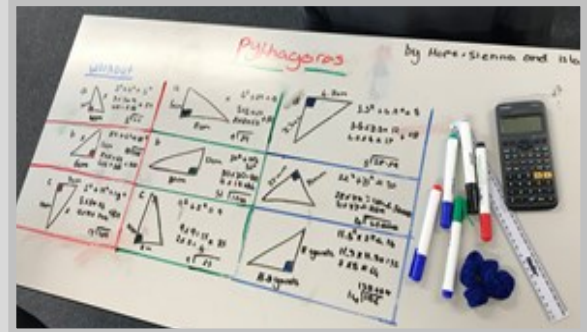

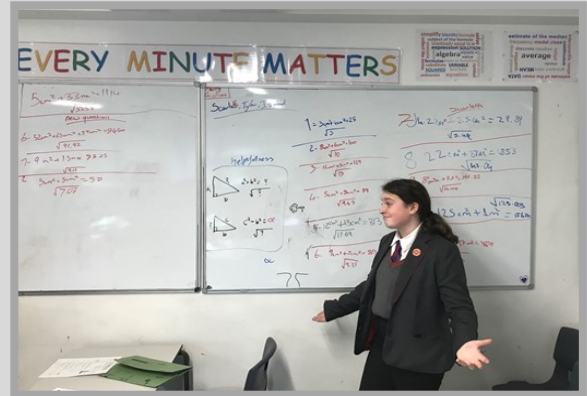

# Maths

## Secondary

Welcome to 2022. A new year has hit us and the Maths department are running with it.

Year 7 have carried on where they left off with pupils showing real promise and determination when solving Maths problems in class. Even with staff absences in January pupils used their maths to solve the ultimate problem "the apprentice." Run by Sir (Alan) Green, pupils had to use a variety of skills in a range of problem-solving activities.

Year 8 have been doing some solid work looking at Pythagoras and as a result some excellent pictures are shown below demonstrating this.

Year 9 have undertaken the Intermediate Maths Challenge 2022 which we are still waiting on their placement regionally.

Year 10 are carrying the Maths flag mid-way through the term getting ready for some assessments that they have coming up and learning everything Trig. They also undertook the Senior Maths Challenge, again results to be confirmed.

Year 11 have taken their mock results well and are now specifically focused in on smaller skills that will help them reach their targets to enable them to take their next steps into further education or work. The Maths team have given each pupil specific areas of subject knowledge to ensure every pupil goes into the exams prepared to succeed.

What has 2022 brought so far..... Intermediate and Senior Maths Challenge... complete

To come..... STEM trips and career visits....

## Maths Problems Christmas special 2021 answers

- 1) A bakery makes 737 mince pies. They sell 483 in the morning and the rest after lunch. How many do they sell after lunch? **254**
- 2) The Christmas tree in Trafalgar Square in London is 20.54 metres tall. How tall is it in centimetres? **2054cm**
- 3) Mrs New buys 22 boxes of chocolates to give out at Christmas. She spends £110. How much did each box cost? **£5**
- 4) In the Boxing Day sales a Lego set has been reduced by 25%. It now costs £36.45. What was the original price of the Lego set? **£48.60**

# English

It has been a very busy half term in Primary, with lots of exciting learning experiences taking place. Here is a little flavour of what has been happening...

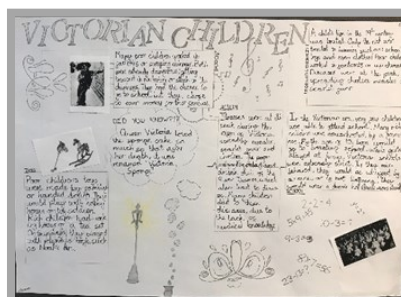

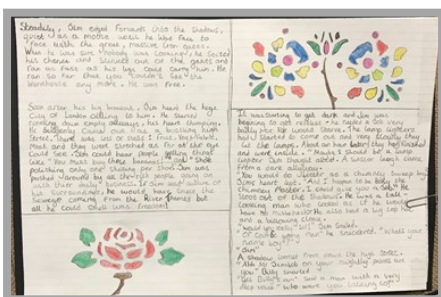

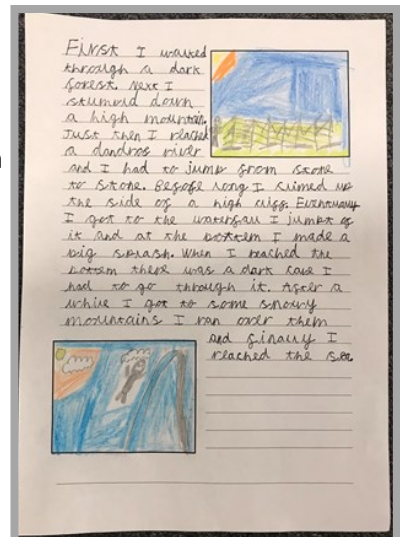

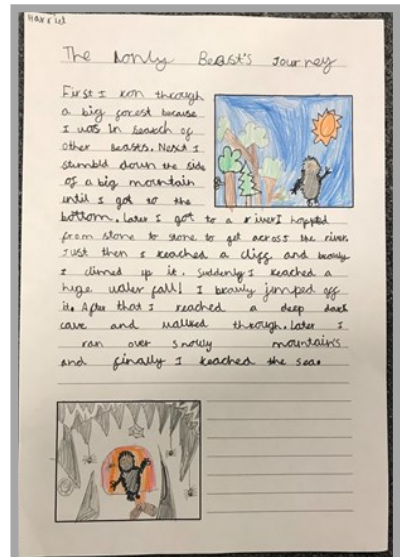

In Year 1, the children have continued to develop their understanding of adjectives, whilst also exploring and using the conjunctions 'and' and 'because' in their writing. Question marks have also been a focus this half term, with the children using them to make their writing more exciting. The key text 'Introducing Antarctica' has been used as a stimulus to help the children develop their questioning skills, which helped with writing letters to a scientist about the impact of global warming on the Antarctic. The children have also been reading 'One Day on Our Blue Planet...In the Savannah' to inspire acrostic poems about Africa.

In their learning experience 'What a Wonderful World', Year 2 have been reading 'The Lonely Beast' and 'Where the Wild Thing Are'. They have looked at character description as well as story writing. The children created their own Beasts and wrote an adventure story for them, as well as creating a class mix and match book of their own Wild Things.

In Years 3 and 4, the children have been delving deep into all things weather, looking at everything from earthquakes to tsunamis. The children have created their own narratives about the journey of a pebble, generated information pages about climate change and have designed their own websites based around an example of extreme weather that fascinates them.

The children in Years 5 and 6 have been busy creating non-chronological pieces of writing about children in Victorian times, as well as narratives leading on from chapter 8 in their focus text 'Street Child' where the hero escapes from the workhouse. They have also been busy creating some interesting cross-curricular fact pages in their topic sessions, including a fascinating page all about blood.

Mr Wilson

# English

In this edition we take the opportunity to showcase the high standard of extended writing in secondary.

***Year 10 Imaginative Writing: Write about a time when you had the courage to stand up to someone or something. An extract:***

The time had finally come. Shambles. That was the state of my mind - all of these years, I had fought for victory of the commoner - I am the ringleader. There have been unfortunate times when I have lost a brother but, when we lost one brother, we gained ten more.

I remember being in my dull control room. Dull but efficient; my chair sat proudly in the middle of the dark, dark brown room. No matter the amount of times I sat on it, engaging in previous matters, it stayed as silent as a panther, about to pounce on its next meal to fuel its voracious appetite. If you were to go in to the now desolate room, the same smell still eagerly resides there – I prefer to describe the smell in quiet colours... a sort of hazelnut, carefully implemented in docile dark blue.

The revolution had plodded on for twenty-five years - I remember when I finally conjured the courage (which I seldom had at this time) to fight back. It erupted out of me like an active volcano - I never thought the penultimate moment of this fight would be absorbing me so much...

We marched, orderly out of the steel door. The cold winter air rapaciously bit our soft faces every yard we advanced. Our phalanx was astounding - an army of 100,000 moving in a simplistic but intimidating formation, with myself at the front... **Tom Greenhouse**

***Year 10 Imaginative Writing: Write about something that you believe in.***

Frothing and bubbling; tossing and turning. The noise fills my ears, suffocating all outside noises. But not the inside ones...

The whispering of secrets- like kids on a playground. The laughing of drunken fools that are malicious and twisted; pointing and poking-fighting and choking.

The outside war is nothing compared to the raging battlefield inside. I crawled to a crevice under the bridge like an animal, with no home, no family to call my own...

I'M NEVER ENOUGH!

I remember her rosy cheeks like poppies for soldiers. Her eyes lighting up like a thousand fireworks dancing in the moonlight. Her bubbly infectious laugh warmed a room better than any heater. Her hourglass figure perfect day and night. Her warmth was all I needed; her love was all I wanted. People called us crazy, told us it wouldn't last long. How I wish they were wrong. The voices cackled and laughed. I looked at the river (so full of life) I could hear her soft voice flowing downstream, her smile flickering in the pale dingy reflection how I longed to be with her. To hold her once more...

I focused on the river and the voices died out. I sat for a moment.

"Jump" it said clearer than ever quiet yet so, so, so powerful.

"Jump and you'll be with her". I swung my legs over the edge into the water. It's ice-cold, strong, powerful and hungry. The cold spread through me ensnaring my senses. Killing my nerves. Shivering slightly from the cold, I let myself go limp and my world vanishes. Cold. Dark. Lonely. **Chris Massey**

# English

**Year 10 non-fiction: Write an article for a magazine with the title 'Ups and Downs of relationships'. An extract:**

Relationships. They all have their ups and downs. It's inevitable really. Everyone expects relationships to fit in the fairy-tale mold. However the outside world can affect these relationships with expectations and the pressure making something that was once happy into something bitter.

So the highs of relationships what are they? The highs should be the parts that make you overlook the lows; the days that you'll remember forever, the photos you have of you together, that warm feeling when you're together and that hidden language you communicate with smiles. Or when they surprise you with a last minute night out or a walk on the beach. That feeling outweighs the lows, almost like finding that missing puzzle piece.

On the other hand, there are the downs that make you question everything. Sometimes you just have to let it go... **Evie Ottley**

**An extract:**

**The Ups:**

The highs of your relationship should always outweigh the lows and if they don't, then are you really in the right relationship? One of the best parts of a relationship is the travelling. It's not the same as travelling with your family or friends. Things are so much more personal and romantic. Besides, no-one will know your likes and dislikes as well as your significant other does. Consequently, if you're feeling down, your partner will know how to cheer you up.

**The Downs:**

The downs in your relationship may seem like the worst part of life. That first argument is going to hit you like a ton of bricks. It's not easy. But you need to try and remember that it is only an argument, and it can easily be resolved if both of you are mature enough to talk about the issue that caused it... **Madison Scala**

**Year 7 - flash fiction.**

Spring. The year three thousand. Dawn. A shrill scream pierced the silence. He stopped in his tracks...surely there couldn't be another killer out there. The light from the gloomy basement flickered into the alleyway. He skulked between the broken walls, the jagged flint edges cutting into his thick coat. Weeks had passed since his last kill and time was against him. The sun's rays chased away the cloying mist earlier each day and soon it would be too late to find the prey he craved.

Pushing negative thoughts away, he concentrated on his target. Keen senses had always put him at an advantage and there was no reason to expect this morning would be any different than those he had enjoyed before. The alleyway finally opened out onto the glazed field – the shards of light crashing through the dew to create a haze surrounding his unsuspecting target. This was his favourite moment – he bared his teeth and charged. It was over in an instant.

It was then he heard his name and knew it was all over. 'Rex.....here boy....'He left the pigeon on the ground and headed for home – the bell on his collar still jangling, thinking of the warm basket and warmer welcome that awaited him. **DG**

**Ms L Elmes**

# Creative Arts

On the very cold morning of 12 February 2022, Isla Kavanagh Brown, Tammy-Marie Goddard, their families and CFS friends as well as Miss Pye had an early start with a long drive up to Merton College, London. Isla and Tammy were representing CFS and Chichester as finalists in the Young Chef Of the Year Competition 2022. Six secondary school pupils from across the South came to the event to see who's three course meal, health and hygiene, chef styling and set up would be crowned this year's Young Chef of the Year 2022.

Pupils had two hours to create and plate their dishes with four judges, all of who are Head Chefs/or Chef Managers, watching everything they did. Tammy's dishes were creamy cheese mushrooms on a bed of homemade Italian herbed bread, Italian prosciutto wrapped chicken on a bed of lentils and spinach and an apricot fool dessert. Isla's dishes were smoked savoury bread and butter pudding with antipasti, hasselback aubergine, ricotta and marinara stuffed mushrooms with tomato sauce and deconstructed strawberry and gin mascarpone tart.

It was a very tough competition and with new kitchen set ups for all, it was a very different experience. After two hours, judges' deliberation and final decisions made, everyone was called into the presentation room for the announcements. The judges said all the dishes were to an extremely high standard with lots of innovation and creative thinking being displayed. They were very impressed with the level of hygiene used and the logical order that dishes were made in.

Isla came First and has been given the honour of bringing the 'Rose Bowl Cup' to CFS for this year! She scored in the top sections as well getting high commendations for her starter and dessert. Tammy collected the Second place trophy and was the youngest chef in the event. She scored in the top sections and got high commendations for her main and dessert.

We are so proud of Isla and Tammy. Miss Pye, Food Tech Teacher who watched the event stated "Both young ladies were extremely calm and did so well with the pressure of the event. They have been working so hard throughout this term to get to where they are now and the hard work has certainly paid off. It was wonderful to see their family and friends who, after COVID restrictions were eased, have been allowed back in to support the event. The judges gave such wonderful feedback about both pupils, one stating they would happily have both of them in his kitchen and another saying they could easily see their dishes in a high class restaurant. I am proud as punch for both of them and hope they celebrate this amazing achievement. A huge well done Isla and Tammy! I can't wait to see what is created next year."

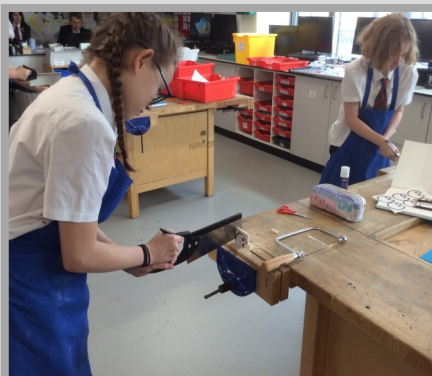

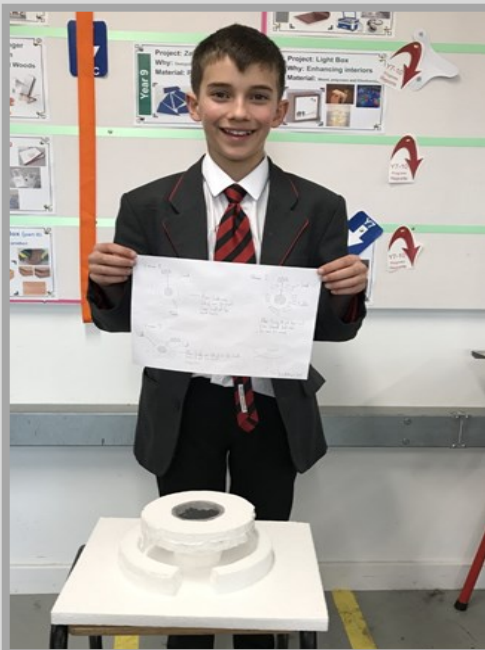

# Creative Arts

## Design Technology

Year 7 Design and Technology pupils have been submitting some wonderful ideas and models for their ***Why Hasn't it Been Invented Yet?*** homework:

Arthur made this superb model of a garden table and chairs with inbuilt BBQ, and demonstrated how he had modified a series of prototypes before coming up with his final design. Lee designed a multi-purpose fire extinguisher with three different chambers which could be used to put out electrical fires, non electrical fires and electrical fires caused by wires in the mains. Harry modelled a giant geo dome that would go over cities with PVC over carbon fibre poles to break down pollution using an air filtration system. We are really impressed by the ingenuity shown by our Year 7 pupils and by the quality of their model making. We hope to be able to share further examples next time.

Meanwhile other Year 7 pupils have been practising their woodwork skills, cutting out and finishing Pacman characters using hand tools and the belt sander. With these new skills in mind they are now moving onto designing trinket boxes and we look forward to sharing the results of this project soon.

# Sport

From the snowy, mountain tops of Wales, to what has been described as the 'wetlands' of Bishop Luffa's cross-country route, this term in PE has been full to the brim. I must congratulate all the runners who have made it through to the next (County) round of the cross-country and wish everyone the best of luck next term in the Corporate Challenge (including our staff team!) I'll let these photos tell the rest!

**Mr Day, Head of PE**

# School Houses

House points have been awarded depending on each events criteria. Below are the current House points awarded and congratulations to all the pupils who have taken part! From all of us, The House Champions, Presidents, Ambassadors and Heroes, have a wonderful holiday; rest, relax and come back ready to go!

## House Points Total So Far...

From all the events this term, and pupil reward points, here are the totals so far.

**Aquila 625**

**Noctua 650**

**Pegasus 875**

**Phoenix 700**

Happy New Year and what a wonderful half term it has been!

There have been some brilliant events over this half the term and it's been wonderful seeing pupils collecting House points and joining in with events. House conduct has improved in leaps and bounds and the whole House team have been impressed with the amount of reward points being gained by each of the Houses.

We have had two events so far: Origami and Community fortnight, with our Bird Watch and Football Tournament coming up soon.

The Origami Competition asked that pupils tried their hand at being creative and turn a sheet of paper into something decorative by folding. A huge congratulations to Phoenix House for coming first, especially Elif with her flower bloom origami. The entire House team could see how much hard work was placed into this and agreed it was stunning.

With our Community Fortnight, pupils were tasked to go out into the community and do something positive for others in the area. Several pupils have gone on beach cleans and helped neighbours. One pupil even went and cooked breakfast for someone elderly. We are really proud of the selflessness our pupils have shown.

During this time, we have also launched the 'Fuzzy Project' which our Pupil Presidents, Ambassadors and House Heroes have taken the lead on. The Fuzzy Project was created as we wanted to bring a smile to everyone in the CFS community as well as the community around us. In order to do this, we asked pupils to create their own fuzzy that could make another person smile. Our amazing House team have already hidden a few around our community and more will be going out during half term. Please keep your eyes open for the fuzzys, if you find one, take it home and let us know where you found it!

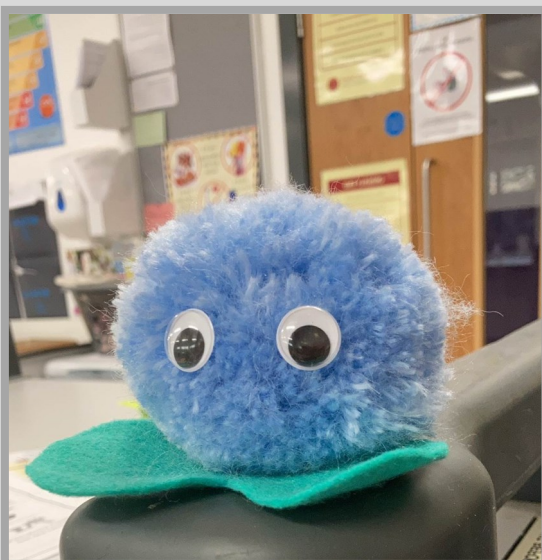

# School Houses

Pupils, keep looking around School and the area to see if you can find a fuzzy that will make you smile!

Next half term we have got lots of other events planned, keep an eye out during class time, tutor times and in the parent bulletins for more information. We will also be kicking off our House Festival and really look forward to seeing the auditions!

Huge well done to all Houses taking part in events right through to supporting each other through our challenging times. We hope you enjoy the Bird Watch during half term, enjoy your break! We look forward to seeing you in March.

**Miss Pye, Head House Champion**

# Co Curricular

Lots of wonderful clubs have been happening this half term. It's been such a joy to see children trying out new activities and having fun after a hard day of studying. We've got images of Comic Book Club, Hip Hop, Language Leapers learning numbers and how to make Pinatas and Stichtopia Club.

# Fundraising

The PE Bake Sale raised just over £280.

World Book Day (including non-uniform/fancy dress) is on Thursday 3rd March

We've got our next Bag2School collection on Thursday 10th March. Please bring your items, in black sacks, to the pupil gates on that morning.

Quiz night on Friday 18 March (see details below)

Primary Mother's Day gifts - week beginning 21st March

Primary Movie Night - Friday 1st April time tbc for all pupils in Years 3 - 6.

The poster is for a Quiz Night event. It features a dark blue background with colorful confetti (pink, yellow, and blue) and a circular logo at the top center that reads 'CHICHESTER CFS FREE SCHOOL'. The main title 'Quiz Night.' is written in a large, stylized, light blue cursive font. Below the title, the ticket price '£10 PER TICKET' is displayed in pink. A line of text in pink states: 'TICKET PRICE INCLUDES ENTRY, RAFFLE TICKET AND A MEXICAN CHILLI MEAL. MEAT, VEGAN AND VEGGI OPTION: CHILLI, RICE AND NACHO CHIPS'. To the left of this text is a large yellow question mark icon, and to the right is a yellow brain icon. Below the meal description, the text 'BRING YOUR OWN DRINK' is written in light blue. Further down, in white, it says 'MAXIMUM 6 PEOPLE PER TEAM - Adults & Year 11 Pupils only' and 'WINNING TEAM WILL WIN BACK THE COST OF THEIR TICKETS'. The date 'FRIDAY 18 MARCH 2022' is in large yellow capital letters, followed by the time '6:30-9:00 PM' and the venue 'CARMELITE HALL (VIA THE CHAPEL ENTRANCE)' in yellow capital letters. At the bottom, a yellow dot is followed by the text 'PURCHASE YOUR TICKETS FROM MAIN RECEPTION (CASH ONLY)' in white, and finally, 'all proceeds go to the school' in white.

**Quiz Night.**

**£10 PER TICKET**

TICKET PRICE INCLUDES ENTRY, RAFFLE TICKET AND A MEXICAN CHILLI MEAL. MEAT, VEGAN AND VEGGI OPTION: CHILLI, RICE AND NACHO CHIPS

BRING YOUR OWN DRINK

# Principal's Award

This half term, the following pupils have received the Principal's Award. They have received five House Points and enjoyed a celebratory tea party with Mrs New. Well done to everyone!

<b>Austin Cooper</b>	Year 1	For using all his steps to success and more to write brilliantly
<b>Ray Blandford-Davies</b>	Year 2	For writing a book at home
<b>Frankee Poffley-Craig</b>	Year 5	For a fantastic sequence in gymnastics
<b>Prunella Wilson</b>	Year 5	For completing some great work on the life of poor Victorian children
<b>Rae Hakes</b>	Year 6	For being kind to children on many occasions
<b>Jessica Hogarth</b>	Year 6	For amazing resilience on the trip to Weald and Downland Museum
<b>Charlie James</b>	Year 6	For his all round fantastic attitude
<b>Sienna Jeffrey</b>	Year 6	For being an amazing support to a friend
<b>Evie Lord</b>	Year 6	For being an amazing support to a friend
<b>Esmee Pascall Wills</b>	Year 6	For fantastic knowledge of Victorian children
<b>Oscar Bailey</b>	Year 7	For a very detailed essay in French
