

20 April 2026

Dear all,

### **Year 6 Maths Enrichment Workshop for Higher Attaining Pupils – Friday 12th June 2026**

Your child has the opportunity to attend a Maths workshop at Paultons Park on Friday 12th June. They will take part in a statistics workshop aimed at developing and applying data-handling skills. The session will explore how these concepts can be used in running their own theme park. At CFS, we are committed to offering enrichment opportunities for our higher-attaining pupils, and we hope that this trip will continue to support your child's appreciation of Mathematics in the real world.

We will travel to and from Paultons Park by school minibus. School drop-off will be as normal, and we anticipate returning to CFS at approximately 16:30.

### **Cost and Payment Details**

The cost of the visit will be covered by the school. Please confirm your consent for your child to attend by contacting Mrs Wilson ([rwilson@chichesterfreeschool.org.uk](mailto:rwilson@chichesterfreeschool.org.uk)) no later than **5th May 2026**. If your child does not wish to attend, please let me know as soon as possible so the place can be offered to another pupil.

### **Items to Bring**

Your child should wear their school PE kit on the day; leavers' hoodies may also be worn. Please check the weather forecast and provide a coat if rain is expected, or sun cream and a hat if it is sunny. Your child will need to bring a packed lunch, including plenty of water. If your child is part of the FSM provision, a packed lunch will be provided for them. If your child uses an inhaler or any other medication, please ensure it is in their bag on the day.

Yours faithfully,

**Mrs R Wilson**  
**Primary Maths Lead**
