

EYFS - Year R
Home Learning

Please use the enclosed information to support your child's learning whilst at home during self-isolation periods. The activity may require a worksheet which will be provided in the folder.

Maths

You can spend 5-10 minutes each day completing some of the following activities to support your child's development within Maths.

- Counting teddies (forwards and backwards)
- Number recognition games
- Number formation (see sheet)
- Go into the garden and find ten leaves/stones/twigs
- Counting the steps in the house
- Counting the doors in the house
- Counting a range of objects/foods/toys/clothes around the house.

Oak Academy - Please visit the National Academy for online lessons.

Literacy

Communication and Language

You can spend 5-10 minutes each day completing some of the following activities to support your child's development within Literacy and Communication and Language.

- Reading a range of picture books, discussing the pictures and drawing your favourite character from the book.
- Making a bookmark
- Rhyming words (see sheet)
- Voice sounds (see sheet)
- Name writing practice
- Letter formation
- Make a story map for a chosen book
- Listening activities (see sheet)
- Letter recognition
- Finding objects around the house that start with s,a,t,p,i or n.
- Blending and segmenting orally (see sheet).

Physical Development

Please ensure that your child has access to activities to support their physical development. Here is a list of things you may like to do to promote this. Please complete a range of these activities for 30 minutes each day.

- Jumping (use a trampoline or create a things to jump on/in to eg. hoops, mats, sheets. Turn this into a game.
- Playdough
- Colouring in (see sheets)
- Bike/scooter riding
- Mud kitchen/sand pit - create a meal for a teddy
- Bug exploring in the garden
- Skipping
- Create an obstacle course
- Dancing
- Yoga (youtube - cosmic kids yoga)
- Practice cutting skills

Personal, Social and Emotional Development

Here are some activities to complete which will support the Early Learning Goals within the Personal, Social and Emotional Development strand.

- Create some speech bubbles to show feelings eg. 'I am happy when we go to the beach'. 'I feel worried in the dark'.
- All about me - create a video to tell your teacher all about you!
- Draw your family and label
- Play your favourite board game with an adult.
- Learn to lay the table
- Learn to tie your shoe laces
- Learn to fasten buttons and zips
- Can you complete all self help skills independently (eg. cutting up your food and using a knife and fork properly, using the toilet independently - including wiping by yourself, getting dressed).
- Use the PSED home learning pack for more activities!

Understanding the World

Here are some activities to complete which will support the Early Learning Goals within the Understanding the World strand.

- Use a camera or a smart phone to take photographs of your 5 favourite things - this could be a place, a toy, a pet, a family member or even an area in your home. Can you tell your adult why they are important to you? Your adult can write a caption of what you say.
- Discuss what seasons are and have a look at the video link (<https://youtu.be/VYpGBtR8Lbs>)
- Complete the leaf cut out and decorate (see sheet)
- Grow a plant and create a video about what a plant needs to survive.
- Can you learn the names of baby animals? How many can you remember?!
- Investigate what items float and sink. Collect these things from around the home to test eg. a carrot, sponge, peg, toy figure, pencil, cork, spoon, stone, egg, sock.

Expressive Art and Design

Here are some activities to complete which will support the Early Learning Goals within the Expressive Art and Design strand.

- Vegetable printing
- Make a house for your teddy out of items from the recycling
- Paint a picture of your new teachers.
- Create a fairy garden with natural resources outside
- Can you make a puppet? This could be a stick puppet or a sock puppet. It could be a person, animal or even an alien!
- Use your puppets and create a puppet show. Your teddies could be your audience!
- Experiment with bubbles, paint and paper. Can you create something beautiful?
- Make a greetings card for a friend or family member.
- Make a musical instrument and play along to your favourite song.
