

Physical Education

The children will be developing their fundamental skills. These are the foundations to the skills required when playing a range of sports. The children will be able to relate basic scientific processes to this such as muscles and movement, heart rate and breathing systems. They will also develop gym and dance skills.

English

We will be writing for a range of purposes and audiences, centred around our focus texts which will result in a variety of learning outcomes.

Children will have daily guided reading activities which will look at decoding as well as comprehension skills. Children will have daily Phonics sessions. There will be regular handwriting sessions, teaching the children the correct letter formation in a cursive style. We will be covering the year 1 grammar requirements. This will mainly focus on consistent use of finger spaces, capital letters and full stops.

Learning Outcomes

- A painting of Dogger with descriptive sentences to accompany.
- Decoupage parachute with captions.
- Colour mixed balloon with address label

Science

In Science this term the children will be learning about the human body and the five senses, They will also be sorting and grouping materials and investigating waterproof properties.

Spanish

Children will learning how to introduce themselves, say numbers to ten and explore the names of different colours in Spanish.

Toy Story Temperance Term Year 1

Literacy Heritage

Dogger (Shirley Hughes)
Toys in Space (Mini Grey)
Princess Victoria
(Barbara Mitchelhill)

Learning Behaviours

- Developing independence
- Sharing and taking turns

Music

Children will use their voices expressively and creatively by singing songs and speaking chants and rhymes.

Forest School

Children will explore and discover in the woods, as well as build on their learning from class.

Art and Design Technology

We will be looking at using different mediums to create effects. We will focus on looking at portrait work, creating our own portraits of ourselves and others. In DT we will be exploring toys with moving parts and designing, making and evaluating our very own.

Humanities

We will be learning about changes in living memory by exploring toys and games. We will compare our favourite toys, investigate how they have changed over time and how technology has influenced toys. We will be comparing our lives to those of children in the past.

PSHE/RE/ British Values

Weekly whole school discussion circles and assemblies will cover a range of topics including keeping safe, being healthy, relationships, growth mindset and wellbeing. In RE the children will be learning about Buddhism, celebrations and Buddhist stories. We will be learning about tolerance and respect of opinions and diversity, democracy, rule of law, individual liberty and mutual respect.

PSHE/RE/ British Values
