

Subject Long Term Plan Year 11 2020-21

Temperance Term

W/C	7 th September	14 th September	21 st September	28 th September	5 th October	12 th October	19 th October	HALF TERM
Topic	Physical Landscapes in the UK							
	The UK has a range of diverse landscapes.	The coast is shaped by a number of physical processes.	Distinctive coastal landforms are the result of rock type, structure and physical processes.	Different management strategies can be used to protect coastlines from the effects of physical processes. Named Examples: Medmerry & West Wittering	The shape of river valleys changes as rivers flow downstream.	Distinctive fluvial landforms result from different physical processes. Named Example: River Tees	Different management strategies can be used to protect river landscapes from the effects of flooding. Named Example: Cockermouth	
Challenge				Significance of processes verses lithology on landforms.		Social impacts of coastal management	Social and economic impacts of different management schemes	
Assessment		9 Mark exam Q		Landforms Test		9 Mark exam Q	Unit test	
W/C	2 nd November	9 th November	16 th November	23 rd November	30 th November	7 th December	CHRISTMAS	
Topic	The changing economic world							
	There are global variations in economic development and quality of life.	Various strategies exist for reducing the global development gap. Named Example: Tourism in Jamaica	Some LICs and NEEs are experiencing rapid economic development which leads to significant social, environmental and cultural change. Case Study: Nigeria		Revision/Catch-up time			
Challenge	Asses the effectiveness of different measures of development			Assessing the role of TNCs in development of a region				
Assessment		Mini test (short and longer answers)			Year 11 Mock Exams			

Subject Long Term Plan Year 11 2020-21

Justice Term

W/C	4 th January	11 th January	18 st January	25 th January	1 st February	8 th February	HALF TERM
